5. **APPROVAL OF CONSENT AGENDA ITEMS**– At 6:31 PM of the recording Marie Coffey made a motion to approve the Consent Agenda. Vikram Kotwani seconded. Motion approved with a 5 out of 6 votes.

6. **REPORTS**

6.1. **ORGANIZATIONAL REPORT** – At 6:32 pm of the recording Jennifer Giltrop highlights:

National Library Workers Week: Celebrating libraries across the Nation and honor the libraries' vital role within the community and celebrate our employee and volunteer contributions. We thank the Foundation for supporting our efforts to recognize our staff. All of our Admin team delivered goodie baskets around the district to thank and recognize our employees for the work they do.

Public Library Association (PLA) 2024: I attended PLA 2024 in Columbus, OH with two staff members from the Vancouver branch. There were a lot of great sessions. For me, in particular, the highlight was regarding Levy campaigns. Talking to other Executive Directors about challenges and opportunities was also beneficial.

2024 FVRL Bookmark Contest: We had 2,500 entries and so many great artists. Thank you to all the amazing sponsors that the Foundation gathers in order to support this program.

Grant Award: Three Creeks has received an American Library Association grant for Thinking Money for Kids. This is a great program to teach financial literacy to children and we will see programs starting in the fall of this year through next year.

Security Guards: We received recognition from the Vancouver Fire Department for our security guards at the Vancouver Community Library for saving a life. The guards were quick to recognize that it was all the staff working together. Our staff work hard to ensure a safe environment for all and in this case, saving a life.

Revolutionary Reads: It is being held on Wednesday, April 17 at 7:00 pm at the Vancouver Community Library. The author and panel members will be there to discuss this title.

Patron Comments: We have received many comments about our Goldendale, Three Creeks and Vancouver Mall Community Libraries. All of our libraries do great work but some patrons are taking more time to recognize them.

Circulation: Vancouver has increased its physical circulation count by 3% over last year same time, and their visitor county by 6.95%. Yale Valley had a large increase in their visitor count, and our digital collections increase which are carrying circulation overall as a grand total. Washougal increased their visitor count by 2.55%. The FVRL card holder rate is now at 27%

Love Your Library: The event for the Woodland Community Library is on April 27 from 5:00 to 8:00 pm.

Friends Fair: This event was held on April 13 at the Generations Church in Vancouver. The event included a lot of facts and how-tos, and the engagement and enthusiasm that our friends of the library have for what we do and how to support us is remarkable.

6.2. **BRANCH REPORT: WASHOUGAL COMMUNITY LIBRARY** – At 6:43 pm of the recording Zoe Nash provided an update on library activities around the Washougal Community Library.

History: Built in 1981; 2,300 sqft; 2023 circulation 97,042; 2023 visits 49,296; Programs 161 with 3,431 people.

Staff: We have two full-time and two part-time staff.

Friends: Our Friends do a lot to raise money for us. This helped us grow and get more involvement from the community. We are getting the word out about our new library.

Outreach: Senior Living Community, Teen Book Talks, with Triple Point, Schools, Recover Café, Multicultural Family Nights, Harvest and Hello Spring Festival, WACA Arts Festival.

Partnerships: Meals on Wheels, Washougal School District, City of Washougal, 54°40' Book Club, Unite Washougal.

6.3. **FINANCIAL STATEMENTS AND HIGHLIGHTS** – At 6:53 pm of the recording Catrina Galicz highlights the month ending February 2024.

2018 Grand Blvd, Vancouver Washington 98661 • 360-906-5000 • fvrl.org

Library locations: Battle Ground, Cascade Park, Goldendale, La Center, North Bonneville, Ridgefield, Stevenson,
Three Creeks, Vancouver, Vancouver Mall, Washougal, White Salmon Valley, Woodland, Yacolt, Yale

Cash: Decreased an additional \$1.5 million over January for a total year-to-date decrease of \$4 million. The decrease represents a year-to-date of about \$4.9 million which are ahead of year-to-date revenues of \$683,456. There is an adjustment for accrued expenditures that shows we have \$218,102 in expenses that have not impacted cash yet.

Revenue: Our primary revenues are property taxes which represents 87% of our total budgeted revenues. In February we received 364,000 more in property taxes than we did in January. This is primarily from Clark County which represents 92% of our property tax budget. We also realized 26% of other taxes in February which area leasable taxes which come from Clark County. Patron equipment use, nonresident borrower fees, and lost and damaged materials are above target and coming in at 18.8%.

Expenses: Personnel expenses are at 15.8% for the year which does include a few payouts with employees leaving as well as holiday comp options. Technology, under supplies, Expended \$87,819. There was \$200,000 spent in February for Professional Services. The \$6,000 charged to Training and travel is reflected under repairs and maintenance. It was found in the 2023 expenses. The accounting software, Great Planes and Inter-Library loan software expended about \$37,000.

RECEIVE AND FILE FEBRUARY FINANCIAL STATEMENTS – At 7:10 pm of the recording Mary Ann Duncan-Cole made a motion to receive and file the February Financial Statements. Penny Love-Henslee seconded. Motion approved unanimously.

6.4. VOLUNTEER SERVICES – At 7:11 pm of the recording Sherry Braga provided an update on volunteer services around the district.

Volunteer Hours: In 2023 687 volunteers gave 20,384 hours to help our libraries around the district.

Newspaper Features: Volunteer services appeared in the Columbian newspaper in late 2022. They did a full-page story about our cards to seniors and Veterans.

Award Winning FVRL Volunteers: Jane Higgins was the volunteer of the year in 2023. She was presented an awarded at WLA and has given many years to the library district.

Onboarding Volunteers Process: All applicants complete a volunteer application; Adult applicants 18 and older, considered for placement complete a background check; Ongoing volunteers meet with the Volunteer Coordinator for an orientation to learning more about FVRL; Volunteers receive a handbook at the orientation; Volunteers are matched up with an opportunity and provided training.

Opportunities Available: Ambassadors for grow a reader, stickering outreach books, homemade cards for seniors in care facilities, meals on wheels, Veterans, women in shelters, teen council, conversation circles, virtual programs, maker programs, SAYL, helping at special events, game groups, read to the dog, various office work, fundraising, dinners, book stories, art4art, raffles.

Community Partnerships: Tax Assistance, businesses, service organizations, vocational training programs, workforce development

7. BUSINESS

7.1. FACILITIES AND FINANCE COMMITTEE

RESOLUTION 2024-03 CAPITAL RESERVE PLAN – At 7:22 pm of the recording Jennifer Giltrop recapped the Capital Reserve Plan discussion from the March 18 board meeting.

Senate Bill 5444 – Ban open carry firearms in libraries. **Passed.**

Senate Bill 5770 – Property tax cap. **Did not advance.**

House Bill 1793 – Digital equity and devices. **Did not advance.**

Substitute House Bill 1105 – Now requires public agencies to provide notice for public comment to include end date when public comment will be accepted. **Passed.**

Representative Mari Leavitt (district 28) secured funding for public libraries to access overdose reversal kits and training through the Department of Health.

- 8. BOARD COMMENT** - at 7:48 pm of the recording Penny Love-Henslee thanked Zoe for all the outreach programs. I have seen growth particularly with the friends of the library and a lot of that is due to Zoe and her staff and all the effort they have been putting in and all the outreach. I sat next to someone on the airplane to North Carolina who was so excited to see the Woodland Library being built.
Vikram Kotwani: FVRL boasts inclusion and diversity policies, yet minority populations seem absent from its workforce. The Human Resources department needs an overhaul to ensure recruitment reflects the vibrant diversity of our state. A wider talent pool, especially from minority communities, is essential. FVRL's current approach to diversity and celebrating various cultures, in its branches, seems limited. True inclusion requires active participation. I would encourage FVRL and all its branch managers and employees to become champions for diverse voices by actively promoting programs and authors from minority communities across all branches.
- 9. EXECUTIVE SESSION** – Pursuant to RCW 42.30.110(1i) Litigation and RCW 42.30.410(4b) Collective Bargaining at 7:55 pm of the recording.

Organizational Report: Highlights from April 2024

Battle Ground Community Library

The Tween Book Group is picking up speed- seven people came this month and we are having a great time with this group. The kids made some incredible clay sculptures of creatures inspired by this month's book, *Willodeen* by Katherine Applegate. We discussed subjects ranging everywhere from friendship to bullying and environmental issues.

Battle Ground hosted a celebration for all the participants in our bookmark contest. Around 40 people including grandparents, parents, siblings, cousins and friends all came together to congratulate the artists. We enjoyed a cake with all five of the Battle Ground winning bookmarks.

Cascade Park Community Library

Staff hosted a successful Poetry Workshop led by past poet laureate Armin Tolentino and new Clark County Poet Laureate Susan Dingle. This program led to a Poetry Open Mic Night two weeks later. We plan to keep hosting a monthly open mic.

Cascade Park organized the Seed to Supper program in partnership with Clark County Food bank. This program was a 6 week series that participants registered for and attended. It regularly had close to 20 people, encouraging the staff to do the program again in the future. Facilities installed the shelves in the storage closet and the Friends were able to move and organize books, files and other items. Thank you Facilities!

Goldendale Community Library

The bookmark winners at Centerville School had a lovely celebration with the Goldendale staff. Our Child Abuse Awareness Month display featured resources thanks to Programs and Outreach Department, but also additional thanks to local Programs for Peaceful Living, who brought brochures to add to the display.

La Center Community Library

The La Center Community Library had several partnership opportunities this month. Staff attended the Ridgefield/La Center Kiwanis meeting this month and took a board position with the organization.

Staff met with Margene Rivera, from the newly formed La Center Arts Council, to discuss future collaboration between our two organizations.

Ridgefield Community Library

The Healthy Kids Event with the “Y” and other partners went very well. Pepa, the therapy horse, did spend time inside the community meeting room. Staff set-up a LEGOS table, managed an art bar, and had a variety of quick and simple outdoor games for children. This event was fun and well-attended. A Friends member gave out free books to children.

Stevenson Community Library

Skamania County Bookmobile continues its 23/24 school year routes. More active outreach to Skamania School has increased usage dramatically at this small school. In March there were 36 visits at this bookmobile stop, compared to 130 in April even with one week missed for spring break. This improvement is especially impressive as there are only about 80 students at the school.

Library service for tribal members continues at Fishing Access Sites at the Bonneville site visit twice a month, our weekly stop at the White Salmon site, and our stop at Glenwood School which is on Yakama Nation land.

Three Creeks Community

We are pleased to report that the corner of the library that was hit by a vehicle is now repaired! .

During Spring Break, Three Creeks hosted a large "Build It: " program with various crafts and building challenges. They had 135 participants join us and 9 teen volunteers came to help.

Three Creeks also offered an Intro to 3D Design and a 3D Printer Certification workshop for the public. They had 11 participants with 2 interested on the waitlist for the Intro to 3D Design class and 7 registered for the Certification class.

Vancouver Community Library

Sensory storytime continues to be a success. We get incredible feedback and see wonderful interactions and connections.

Vancouver offered several different tax assistance this year, all very successful.

- AARP Tax-Aide attendance at VA was up 34% from last year!
- The Facilitated Self-Assistance (FSA) Tax Service that AARP piloted at VA was the most successful pilot location in the country.
- The pilot program served a range of demographics, from those not eligible for AARP Tax-Aide, those seeking to learn how to e-file their taxes, and those who know how to file their taxes but need assistance using the computer and access to the technology.

During the Vancouver program Thursday “Teen Thing” a parent struggling with homelessness came into the teen room to see her teen, and spoke to staff. The mom was in tears and thankful for the safe space for her teen. The mother shared that having the library not only helped her child, but also helped her to be able to find resources to find affordable housing and is currently able to finally find a place for her family.

Vancouver Mall Community Library

Vancouver Mall celebrated spring break with a fantastic spring-themed Lego party, showcasing some truly impressive creations in their main window. It was a great success and a testament to the kid’s creativity and spirit.

Washougal Community Library

Staff has been hosting a group of developmentally disabled adults, along with kids and families, at the Everyone's an Artist program. Participants learned about Pointillism and created their own world of art with q-tips and paint.

Kids had fun at our weekly Funtastic Friday where kids made sock creatures.

White Salmon Valley Community Library

For A-List this month participants built bridges with newspaper and masking tape. Students had the option of making them free-standing or making a platform to suspend between two surfaces, and we tested the structural integrity by stacking books on them. The creativity and problem-solving was really impressive. Lots of testing and adjusting, figuring out what worked and why, and a lot of ignoring hints about using triangles ;) But hey, we had some pretty solid results regardless!

Woodland Community Library

For National Poetry Month, the Woodland Community Library staff created a Poet Tree and encouraged people to write a haiku or other poem. Here are a couple of our favorites.

Close your eyes and
breath. Clear you mind,
and be at peace. Feel free
and alive.

I have a cat. My cat is fat.
I took my bat, and made
cat flat. (age 4)

The last and best “Love Your New Library” event for Woodland was a great success. The event brought in over \$35,000 with the paddle raise alone brought in \$16,000! The attendance was the highest it has ever been at over 200. All the volunteers, the FVRL Foundation and Friends of the Library worked so hard and did a terrific job.

The Yacolt Express Library

On April 9th, the Yacolt Head Start students visited the library again this year with the help of a staff member from Battle Ground. They were all issued library cards and got to check out one book. It was great to be able to introduce them to the library in their community and to show them how their library card is the key to get in. They each got to use the self-checkout kiosk to check out their books and had a wonderful time walking back to school.

Yale Valley

On April 25th, the Yale Girl Scouts visited the library and created bird houses with recycled materials. We talked about the birds we are most likely to see in our area and how best to attract them. There were 7 girls in attendance with parents and leaders.

Hi, I am a large woman and it would be really great if you had a few chairs without arms for people like me. These rigid arms hurt my hips. It is very painful.

4/11/2024 – Vancouver Mall

I must say I have only been in this library and it was packed, I left – So here I am once again. I must say the gentleman found time to help me get my iPad to post all of my pictures for my sale. I kept watching my watch as he proceeded to finish this project for me. He was the kindest, helpful person I've ever met.

4/19/2024 – Three Creeks

I have a service cat for PTSD and he is legal in other business even Cost Co and Chucks. Why is he not allowed in a library 100% contained in his stroller?

Reason May 2024. Free Minds and Free Markets. The content violates propaganda regulations, this content is Russian propaganda. Please remove this from our library as it is damaging to FVRL's image and not appropriate.

This is my local library and we walk here often. The staff are super helpful, kind and patient. I really enjoy coming here and the library has good resources.

4/29/2024 – Goldendale

Just discovered this library. What a gorgeous building! Library staff were friendly, knowledgeable and helpful from the moment I stepped in the door.

4/30/2024 – Goldendale

Goldendale FVRL is like my second office. I come here to meet with students about employment or work readiness skills. I also scan and make copies. All staff are always helpful and polite. I have heard patrons in distress being addressed with compassion and resources – and concern for health and welfare. Thank you!

Hello, I would request renewal of Knit, Crochet art classes from pre-Covid times. I am 56+ years old and I would love to learn such skills as above, or weaving, making basic jewelry classes. Thanks!

5/4/2024 – Goldendale

Hello, just an overdue thank you for your wonderful library and staff. Always a clean and cherry place to come to. From the computer to the references, every surface has a shine to it. Well done!

Hello – I would like you to know these two ladies worked for over an hour to get something to print for me. We rearranged the copy, tried different printing requests, kept our fingers crossed and finally the labels printed. I didn't expect these ladies to keep working on this issue since I was sending an email to a friend. Everyone on your staff has always been very helpful and patient with me! Thank you so much.

Stevenson North Bonneville Skamania Bookmobile

Community Libraries in Skamania
2023 & 2024

Staff!

- 8 dedicated staff, 6.8 FTE, 3 of which regularly drive the bookmobile.
- 8 flexible substitutes from across Skamania and Klickitat
- Approximately 68 public service hours each week spread across three service points
- Providing service from Washougal to Glenwood (approximately a 90 min drive)

Service Area

- Skamania County has just 7.3 inhabitants per square mile, the lowest population density county that FVRLibraries serve.
- Bookmobile spends about 25hrs a week on the road. $\frac{1}{3}$ of its routes are in Carson, the largest population center in Skamania without a brick and mortar library location.
- According to the 2020 census, the fastest growing area in the county is North Bonneville, with approximately 30% growth since 2010. Growth since 2020 has been more modest, but still the highest of any Skamania census tract.

Friends of the Library

Host Artists of the Gorge, soon to enter its 45th year, fundraise with Friendship products, and participate in community events like Christmas in the Gorge.

Over 2,000 volunteer hours in 2023!

Stevenson Community Library

Originally founded by the Stevenson Woman's Club, the Stevenson Community Library's first purpose built location was opened in 1938. The current library building was opened nearly 60 years ago, and was last remodeled in 2017.

- Open 48 hrs per week
- Circulation: 52,636
- Visits: 41,265
- Residents with library accounts: 56.8%

Skamania County Bookmobile

Many bookmobiles have served our area since they originally began in 1941. Our current vehicle has been in operation since 2018.

- Open 14 hrs per week over 4 days
- Circulation: 10,918
 - Staff checkouts: 10 per hr
- Visits: 6,142
- Residents with library accounts: 25.7%

North Bonneville Community Library

FVRLibraries has operated a library in North Bonneville City Hall since 1954, and moved with City Hall in 1979 when Bonneville Dam was expanded and flooded out the original town.

- Open 6 hrs per week
- Circulation: 4,458
- Visits: 932
- Residents with library accounts: 27.2%
- Highest holds as percentage of checkout in district at 70%

Winter Crafts

- Our annual winter craft programming series including centerpiece and sock gnome workshops had about 300 participants compared to the 211 of the 2022/2023 series.
- Community Art Studio of Skamania (CASS) hosted the sock gnomes event, while the rest were put on by staff.
- Shifting these events to Saturdays, and drop in events have greatly increased participation, and streamlined workload for staff.

Jeff Kinney Prize Winners

Four local students from Carson Elementary won a combined \$1,100 in donations for Stevenson Community Library at a Jeff Kinney event.

Thanks,
and see you next time!

Summer at Your Library 2024

June 15 - August 15 | For Everyone!

SAYL GOALS

1. Nurture learning, strengthen communities, and encourage library participation by encouraging patrons to explore, create, and share together.
2. Support children who are most likely to need learning support over the summer but be the least likely to receive it.

SAYL BASICS

Challenge: Read, Learn, Create, and Explore all summer long

Programs: Educational, entertaining, and hands-on programming in library and online

Outreach: Bring SAYL and library information/resources to families and children in our communities

Fort Vancouver Regional Library District
Staff Report 2024-06
Finance Report - Port of Ridgefield Tax Increment Finance Area

TO: FVRL Board of Trustees

FROM: Jennifer Giltrop, Executive Director

DATE: 5/20/2024

SUBJECT: Port of Ridgefield Tax Increment Finance Area

Summary: Included in the February 2024 Board Packet was an over view of the Port of Ridgefield proposed [Local Tax Increment Finance Area](#) (LTIF) to be used to finance public improvements. The Port estimates that the total cost of public projects is \$62M in today's dollars. The Port assumes some of the project costs would need to be paid by additional funding sources, as the projects would be more than the estimated amount of tax allocation revenues generated by the proposed TIA. The TIA is estimated to generate \$45.8M of total tax revenue over 25 years to pay for the debt service.

The Port of Ridgefield has not approved the LTIF areas as attached in the resolution.

Tax Increment Financing

In 2021, Washington passed legislation which allows local government - defined as cities, towns, counties, port districts, or any combination thereof – to create Local Tax Increment Finance (LTIF) areas to fund public improvements. The resulting [39.114 RCW](#) impacts cities, counties and other taxing districts by capturing the increment of property value growth due those entities over a set period of time or amount of tax collections. It excludes any property taxes imposed by school districts, excess school levies, state support for schools, public utilities, and existing bond financing. Library Districts are not protected from this loss.

A Tax Increment Area (TIA) is property identified by a county, city or port district that requires public improvements to allow for development. The taxing entity creates the TIA as a means to leverage the increasing value of new or existing taxable property to service the debt created by the LTIF. The governmental entity creating the LTIF is able to retain the new increment of taxes on identified properties that would have previously gone to other taxing agencies. LTIFs are used to pay for public projects and service the associated debt on limited tax general obligation bonds (LTGO).

Once the LTIF has been paid off, any additional funds collected must be returned to the County Treasurer for distribution to the taxing entities impacted by the TIA.

Impact

The main impact to FVRL is foregone property tax revenues - future increases to the base value of the property. Those lost revenues (as estimated by the Port) are approximately \$2.7M over 25 years.

TIF projects are bound to become more common as a financing tool and it is not something FVRL can control. It will complicate our levy calculations to some degree, and have an impact on our overall growth potential in that TIA.

CERTIFICATE AS TO RESOLUTION NO. 2024 - 411

The undersigned, duly appointed, qualified and acting CEO for the Port of Ridgefield, Washington (the "Port") hereby certifies that attached hereto as an exhibit is a true, complete, and correct copy of the Resolution No. 2024 - 411 designating a tax increment area pursuant to RCW 39.114.020 and authorizing the use of tax allocation revenues to pay public improvement costs; identifying the public improvements to be financed with the tax allocation revenues and the deadline for the City to commence construction of such public improvements; setting a sunset date for the tax increment area; authorizing reimbursement of the Clark County Assessor and Treasurer for their costs pursuant to RCW 39.114.010; authorizing the execution and delivery of other instruments, documents or agreements appropriate to designate a tax increment area and related matters; and delegating certain authority to the chief executive officer and director of finance and accounting (the "TIA Resolution"), which was passed by the Port of Ridgefield Commission at their meeting on April 10, 2024.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of the Port as of the 15th day of April, 2024.

PORT OF RIDGEFIELD

CEO, Port of Ridgefield

EXHIBIT A
RESOLUTION NO. 2024 - 411

[SEE ATTACHED.]

**PORT OF RIDGEFIELD
RESOLUTION NO. 2024 - 411**

**A RESOLUTION OF THE PORT COMMISSION OF THE PORT OF RIDGEFIELD,
WASHINGTON, DESIGNATING A TAX INCREMENT AREA PURSUANT TO RCW
39.114.020, IDENTIFYING THE PUBLIC IMPROVEMENTS TO BE PAID FOR OR
FINANCED WITH THE TAX ALLOCATION REVENUES, IMPOSING THE DEADLINE FOR
THE PORT TO COMMENCE CONSTRUCTION OF SUCH IMPROVEMENTS, AND
SETTING A SUNSET DATE FOR THE TAX INCREMENT AREA**

WHEREAS, the Washington State Legislature enacted Engrossed Substitute House Bill 1189 as Chapter 201, Laws of 2021, titled "AN ACT Relating to tax increment financing; amending RCW 84.55.010 and 84.55.120; and adding a new chapter to Title 39 RCW" which was codified as RCW 39.114 Tax Increment Financing ("TIF Act"), which authorizes local governments, including any port district, to use tax allocation revenues to pay for public improvements, including infrastructure improvements owned by a local government within or outside of and serving the increment area; and

WHEREAS, the purpose of this resolution is to exercise authority under RCW 39.114.020 to designate an increment area that will assist the Port to pay for or finance certain public improvements described herein from tax allocation revenues derived from the increment area with the boundaries described herein; and

WHEREAS, the Port Commission of the Port of Ridgefield (the "Port Commission") has determined it is in the best interest of the Port to designate an increment area and use the tax allocation revenues from the increment area for the public improvements described herein.

Now, therefore, it is hereby resolved by the Port of Ridgefield Commission as follows:

1. **Designation of Increment Area.** The Port designates the area more particularly depicted and described on Exhibit A attached hereto (and incorporated by this referenced) as the "Port of Ridgefield Tax Increment Area" (the "Increment Area"). Generally, the boundaries of the Increment Area properties include the Ridgefield waterfront, part of the adjacent downtown, and an area along the I-5 corridor around the 179th Street and 219th Street interchanges. In providing this designation, the Port Commission asserts that the Increment Area (i) is the only increment area presently designated by the Port pursuant to the TIF Act, (ii) is located within the boundaries of the Port, (iii) does not include the entirety of the Port's territory, and (iv) does not have an assessed value on the date of this resolution which is more than the lesser of (A) \$200,000,000 or (B) 20 percent of the Port's total assessed valuation of taxable property (*i.e.* 20% of a total assessed value of \$8,064,364,154 or \$1,612,872,831). The current assessed value of the properties in the Increment Area is \$198,036,238.

2. **Sunset Date for Increment Area.** The sunset date for the Increment Area will be the earlier of (i) the date that is 25 years after the date on which tax allocation revenues are first collected from the Increment Area or (ii) the date on which the Port certifies to the County Treasurer in writing that the tax allocation revenues are no longer necessary or obligated to pay the public improvement costs (including but not

limited to reimbursements to the Port for principal and interest payments required to be made by the Port from revenue sources other than tax allocation revenues on the Port's bonds issued to finance the portion of public improvement costs that are intended to be paid and retired, in whole, from tax allocation revenues pursuant to RCW 39.114.060(1) and legal, other professional services and insurance costs and expenses related to the issuance of such bonds) to be paid or reimbursed with tax allocation revenues derived from the Increment Area, as they have been fully paid.

3. **Identification of Public Improvements.**

The exact configurations and operational features of the public improvements described above are to be determined by the final plans and specifications for such public improvements. As authorized by RCW 39.114.020(1)(h), the Port may expand, alter, or add to the public improvements identified above only if the Port Commission determines that such changes are necessary to assure that the public improvements identified above can be constructed or operated as intended. The list of improvements are:

(a) **Rebuilding the Ridgefield Waterfront:** Specific projects may include:

- **Infrastructure.** Upland and in-water improvements, including demolition, grading, complete streets, utility work, parking facilities, docks, EV charging, and brownfield mitigation.
- **Park.** Planning and construction of a waterfront park and accessory infrastructure on the Ridgefield Waterfront.
- **Multipurpose Public Parking Lot.** To accommodate overflow boat launch parking, kayakers, and visitors to the downtown, Overlook Park, Splash Pad, Waterfront Park, and Ridgefield National Wildlife Refuge.
- **Building One.** Planning and construction of a multistory mixed-use building with office, retail, and community spaces on the Ridgefield waterfront, along with accessory parking, street, and utility work.
- **Day Docks.** New docks on Lake River in combination with Clark-Cowlitz Fire Rescue and Clark County Sheriff's Office marine facilities.

(b) **Community Enhancements & Mitigation.** Specific projects may include:

- **Downtown Small Business Facilities.** Public facility planning, construction, and renovation, brownfield mitigation, street and parking improvements.
- **Railroad Avenue Facility.** Pedestrian bridge, parking facilities, and EV charging.
- **Voluntary Mitigation.** Contributions to future fire stations, public library facilities, city and county parks, and other public facilities as voluntary mitigation to impacted taxing jurisdictions.

(c) **New Small Business Facilities.** Specific activities may include:

- **Southern Port District Business Facilities.** Site acquisition, streets, utilities, public facility construction, parking facilities, and contribution to the planning and construction of freeway interchange and other transportation facility improvements.

4. **Increment Area Effective June 1, 2024.** The Increment Area designated in this resolution shall take effect on June 1, 2024.

5. **Deadline for Commencement of Construction of Public Improvements.** The deadline for the Port to begin construction on the public improvements identified herein is June 1, 2034 unless such deadline is extended for good cause.

6. **Issuance of bonds or other obligations.** The Port intends to issue bonds or other obligations, payable in whole or in part, from tax allocation revenues to finance the public improvement costs. Based upon the project analysis, the Port estimates \$22,000,000 is the maximum amount of obligations contemplated to be financed with tax allocation revenues. The actual amount of obligations financed by tax allocation revenues will depend on future decisions of the Port Commission, as well as on actual tax allocation revenues received and the terms of indebtedness agreed to.

7. **Required Findings of Port.** The Port Commission finds, based on the Project Analysis, that:

(a) The public improvements proposed to be paid or financed with tax allocation revenues are expected to encourage private development within the Increment Area and are expected to increase the assessed value of real property within the Increment Area;

(b) Private development that is anticipated to occur within the Increment Area as a result of the proposed public improvements will be permitted consistent with the applicable zoning and development standards of the City of Ridgefield and Clark County, the applicable permitting jurisdictions;

(c) The private development would not reasonably be expected to occur solely through private investment within the reasonably foreseeable future without the proposed public improvements; and

(d) The increased assessed value within the Increment Area that could reasonably be expected to occur without the proposed public improvements would be less than the increase in the assessed value estimated to result from the proposed development with the proposed public improvements.

8. **Project Analysis.** In considering whether to designate an increment area, the Port prepared a Project Analysis Report consistent with the requirements of RCW 39.114.020(2), and submitted the analysis to the Office of the State Treasurer for review. The Port

Commission has received and considered comments expressed in the letter to the Port from the Office of the State Treasurer received prior to the date hereof, summarizing its review of the Project Analysis and providing comments and recommendations for consideration by the Port.

9. Mitigation for Certain Fire Protection Agencies.

(a) Project analysis conducted by the Port forecasts that the increment area will not impact at least 20 percent of the assessed value of Clark-Cowlitz Fire Rescue District and Fire District #6, and thus the Port (as required by RCW 39.114.020(5)) is not currently required by law to negotiate a mitigation plan with Clark-Cowlitz Fire Rescue District and Fire District #6, (the "Fire Districts") to address level of service issues in the increment area.

10. Reimbursement to County Assessor and Treasurer. Pursuant to RCW39.114.020(6), the Port intends to reimburse the Clark County (the "County") Assessor and County Treasurer for their costs as provided in RCW 39.114.010(6)(e), and such expenses shall be considered as part of the public improvement costs to be paid or reimbursed from tax allocation revenues derived from the Increment Area.

11. Public Hearings Held by Port and Publication. Pursuant to RCW 39.114.020(7)(a), prior to the adoption of this resolution, the Port held two public briefings (on February 27, 2024 and again on April 3, 2024) for the community solely on the tax increment project, that included the description of the Increment Area, the public improvements proposed to be financed with the tax allocation revenues, and a detailed estimate of tax revenues for the participating local governments and taxing districts, including the amounts allocated to the increment public improvements. The briefings were announced two weeks prior to the date such briefings were held, including by publication of notice of such briefings in *The Reflector* (a legal newspaper of general circulation within the jurisdiction of the Port) and notice of such briefings on the Port's website and all Port social media sites.

Prior to the adoption of this resolution, the Port has published in *The Reflector* (a legal newspaper of general circulation within the jurisdiction of the Port), that describes the public improvements identified herein, describes the boundaries of the Increment Area, and identifies the location and times where this resolution and other public information concerning the public improvement may be inspected.

12. Severability. If any one or more of the covenants or agreements provided in this resolution to be performed on the part of the Port is declared by any court of competent jurisdiction to be contrary to law, then such covenant or agreements will be null and void and will be deemed separable from the remaining covenants and agreements of this resolution and will in no way affect the validity of the other provisions of this resolution.

13. Compliance with State Law. It is found and determined that all formal actions of this Port Commission concerning and relating to the passage of this resolution were taken in an open meeting of this Port Commission, and that all deliberations of this Port Commission and of any of its committees that resulted in such formal actions, were in meetings open to the public, in compliance with the laws of the State of Washington.

14. **Effective Date of Resolution.** That this Resolution shall be effective upon passage and signatures heron in accordance with law.

Liam, Olivia still No. 1 for babies

Names most popular for 5th year in a row

By **FATIMA HUSSEIN**
Associated Press

WASHINGTON — Liam and Olivia have for a fifth year together topped the list of baby names for brand new boys and girls born in the U.S. in 2023. And Mateo joins the top 10 baby names list for the first time.

The Social Security Administration annually tracks the names given to girls and boys in each state, with names dating back to 1880. The agency gathers the names from applications for Social Security cards.

Based on cultural and population trends, the list shows how names can rise and fall in popularity. The latest was released Friday.

Liam has reigned supreme seven years in a row while Olivia has topped the girls' list for five, after unseating Emma, previously No. 1 for five years.

After Liam, the most common names for boys are, in order: Noah, Oliver, James, Elijah, Mateo, Theodore, Henry, Lucas, and William.

And after Olivia, the most common names for girls are Emma, Charlotte, Amelia, Sophia, Mia, Isabella, Ava, Evelyn and Luna.

The Social Security Administration's latest data show that 3.58 million babies were born in the U.S. in 2023. That's a slight decrease from last year's 3.66 million babies, representing an overall decline in the American birthrate.

Social media stars and popular television shows are having some impact on the rising popularity of certain names, Social Security says. The fastest rising name for boys is Izael while the second fastest rising, Chozen, shot up to number 813 in 2023.

The character Chozen was a protagonist in the last season of the Netflix show "Cobra Kai."

For girls, one of the fastest rising baby names is Kaeli, which rose 1,692 spots. "Parents must have really smashed the 'like' button for YouTube and TikTok star Kaeli McEwen, also known as Kaeli Mae, who routinely promotes a clean, tidy, and neutral-aesthetic lifestyle," Social Security said in a news release.

The complete, searchable list of baby names is on the Social Security website.

Trashion Show at Cascade Park library highlights trashy togs

By **MONIKA SPYKERMAN**
The Columbian

Clark County has a thriving community of designers creating new fashions from used clothes. That's a good thing, seeing as synthetic fabrics like polyester take hundreds of years to break down in landfills. But what if designers made garments and accessories not only out of discarded clothes but also out of pure trash?

Curious onlookers can see for themselves at the second annual Trashion Show, 2 p.m. Saturday at the Cascade Park Community Library, where local upcyclers can test their ingenuity and explore the outer limits of haute couture.

"It's a great opportunity to get more engaged with your community and see what kinds of cool things people are coming up with," said Libs Martin, senior public services librarian at Cascade Park Community. "It's fun to see how we can use materials and make new things out of them and ways that we can be more conscious in our use of resources."

IF YOU GO

What: Trashion Show
When: 2-3 p.m. Saturday
Where: Cascade Park Community Library, 600 N.E. 136th Ave., Vancouver
Details and registration: fvrl.librarymarket.com/conscious-consumption-series-trashion-show-0

The Trashion Show is part of the Conscious Consumption Sustainability Education Series, a collaboration among the city of Vancouver, Clark County Green Neighbors and the Cascade Park Community Library. (The next Conscious Consumption event is Composting with Red Worms, 2 to 3:30 p.m. June 1.)

A makeshift runway will be set up in the library's Community Room, Martin said, where participants will model their designs. Prizes will be awarded in teen and adult categories and each of the five judges will also bestow a "judge's choice" award.

Judges include a member of the library's Teen Council; a representative from event co-sponsor, Clark County Green Neighbors; a representative from Friends of Cascade Park Community Library; and a com-

munity member who served as a judge last year. The criteria are use of materials and creativity, Martin said.

"Some people used really creative things like plastic wrap that you'd find in an Amazon package to make a bow," Mar-

tin said. "One person made a dress out of ties."

Martin was surprised and excited to welcome 69 spectators to last year's Trashion Show — a fairly large number for the type of event, Martin said. She emphasized that the runway is open to all genders, ages and experience levels, even those who've never made so much as a handkerchief. Case in point: Among the 12 trashion designers registered for this year's show is a contestant who is just 6 years old, Martin said.

If your interest is piqued, Martin has good news: Saturday's show still has room for more designers. It's not too late to sign up today or Friday. It doesn't matter if the garment or accessory you want to share was made some time ago or made at the last minute, Martin said, as long as it's the participant's own original design.

"I think sometimes people might feel a little intimidated, but I would love to encourage anyone who is interested to participate, even if you're not an experienced designer," Martin said. "Just trying to explore different materials in creating something is really exciting and we'd love to see it."

La Center Community Library is celebrating its 20th anniversary with live music, llamas, and cake on Tuesday, May 14 from 3 to 5 p.m. The library opened on May 8, 2004 in its historic building at 1411 NE Lockwood Creek Rd.

In 2001, the circa 1905 building was destined to be burned as a firefighting exercise, but Margaret Colf Hepola envisioned something more for it. Soon the Friends of La Center Community Library was formed.

In August of that year, the former hospital building was moved a half-mile to its present location. After three years of fundraising by the Friends of the Library, and with contributions from the Colf Family Foundation, Fort Vancouver Regional Libraries, multiple grants and donations, the refurbished 3,380 square-foot building began its new life as La Center Community Library. In 2019, the building was refreshed with interior paint and carpet.

Today, the library is a community hub, serving over 2,000 patrons per month. In 2023, the library welcomed more than 29,000 visitors and checked out or renewed approximately 40,000 library items. Program offerings include two story times per week, book groups for youth and adults, maker events, genealogy group, and more.

Fort Vancouver Regional Libraries will celebrate Free Comic Book Day and Star Wars Day (May 4 — as in “May the fourth be with you”) in one giant event Saturday: Library Con, a celebration of fan culture with activities at all local library branches.

Kick off the festivities from 5 to 8 p.m. Friday at the Vancouver Community Library with several rounds of trivia followed by a showing of “Star Wars: A New Hope.”

From 10 a.m. to 6 p.m. Saturday, all library branches will give away comic books. Many branches are offering additional activities such as crafts, photo opportunities, trivia contests and movie showings; visit fvrl.org for complete information. In addition, Vancouver Community Library will host presentations by award-winning comic creators Taki Soma, Diana Schutz and David F. Walker. See the schedule below for more details.

- Family Trivia, 10 to 11 a.m. Saturday, Cascade Park Community Library. Join other fans for several rounds of trivia about Star Wars, Disney and Marvel.
- Library Con at the Mall, 11 a.m. to noon, Vancouver Mall Library. Activities include photo opportunities with Storm Troopers and other Star Wars characters, building a light saber, button-making and comic creation.
- A Life in Pictures: Creating Graphic Biographies with Taki Soma, 11 a.m. to 12:30 p.m., Vancouver Community Library. Explore the creative universe of Taki Soma, a Hugo Award-nominated artist, writer and colorist whose body of work includes “Dick Tracy,” “The After Realm” and “Iron Man,” as well as her autobiographical graphic novel, “Sleeping While Standing.” Audiences will see a preview of Soma’s

biography of Vincent Van Gogh. Soma also explores the therapeutic power of storytelling through visuals. Online attendance is available through Google Meet.

- Family Story Time, 11:30 a.m. to 12:30 p.m., Cascade Park Community Library. Enjoy family story time with singing to celebrate Star Wars and Free Comic Book Day.
- Careers in Comics with Comic Editor Diana Schutz, 2 to 3:30 p.m. Cascade Park Community Library. Award-winning comics editor Diana Schutz will offer a presentation about how to get started in the comics industry. Formerly the senior executive editor at Dark Horse Comics, Schutz has worked with authors Michael Chabon, Neil Gaiman and the late Harlan Ellison. She was comic pioneer Will Eisner's Dark Horse editor until his death in 2005. Schutz now translates European graphic novels, including "Moebius Library" and "Blacksad." Online attendance is available through Google Meet.
- Padawan Academy, 2 to 4 p.m. Three Creeks Community Library. A meet-and-greet with Storm Troopers at 2 p.m. will be followed by lightsaber training and Jedi crafts at 3 p.m.
- Adult Manga and Graphic Novel Group, 3 to 4 p.m., Battle Ground Community Library. This discussion group is for adults ages 18 and over who enjoy manga and graphic novels. The group meets on the fourth Saturday of every month.
- Fuse Bead Pixel Art, 3 to 5 p.m. La Center Community Library. Attendees will use fuse beads to design Star Wars and comic book characters.
- Star Wars Movie Night, 4 to 6:30 p.m. Cascade Park Community Library. Celebrate May the Fourth with a showing of "Star Wars: The Force Awakens." The event includes snacks and activities.
- From Fan to Maker with David F. Walker, 5 to 6:30 p.m., Vancouver Community Library. Eisner Award-winning author David F. Walker will share the story of his evolution from a comic-loving kid to a working comics creator.
- Star Wars and Comics Trivia Night, 6 to 8 p.m., Battle Ground Community Library. Fans can test their knowledge of both Star Wars and comic books with multiple rounds of trivia.

Skyview StormBots taking robot 'Connie' to Houston for high school championship

Each January, high school robotics teams are presented with a challenge and given six weeks to design and build a robot to accomplish it

The days before a world championship are tense.

Those feelings aren't lost on Michael Wilde, a senior on Skyview High School's robotics team, the StormBots. Not only is it his last year with the team, but it's the first time in six years Skyview will compete in the FIRST (For Inspiration and Recognition of Science and Technology) Championship in Houston.

"I feel like this is my last chance to give all my knowledge to the team. I gave it my all," Wilde said. "Our last group of seniors never got a chance to go (to the world championship). This is the best way to go out."

While Wilde and his fellow teammates might have a good grasp on what their robot, named Connie, needs to do to secure further success, it's not remotely simple.

Each year, high school robotics teams from across the nation and beyond are presented with a game-like challenge and given six weeks to design and build a robot that can effectively accomplish the challenge.

ADVERTISING

In January, the StormBots received details of the challenge: a team game that requires robots to pick up a series of orange foam rings, climb an apparatus and insert the rings into a counting mechanism, much like dunking a basketball.

"It's confusing if you've never seen it before," junior Adele Meyer said, laughing.

Essentially, imagine a Roomba zooming around a cluttered living room floor and sucking up the foam rings one at a time, like giant Cheerios. That's what the StormBots came up with.

Connie got the team through previous rounds before the world championship, competing with and against local schools along the way.

There isn't one way to win, Wilde said. The best robots have to be able to do as much as possible: collect rings, dispense them and even block other teams from getting them.

"There were arguments about defense and offense," Wilde said. "But this year, we decided we wanted our core robot to meet as many requirements as possible."

'More than BattleBots'

Two of the team's leaders, Meyer and junior Samantha Phan, aren't deeply tied to the construction and design of the robot itself, like Wilde is. The duo focuses on the business and marketing side of the StormBots. That means collecting sponsors, finding ways the team can make a difference in the community and recruiting new members.

"As someone who was never interested in touching the robot, I'm so invested," Phan said. "We're doing a lot more than just building robots."

The StormBots run camps and workshops for elementary and middle school students at the nearby Three Creeks Community Library. The team has adopted the Chinook Neighborhood Park and helped build pneumatic equipment to aid students in Top Soccer — a sports program for children with intellectual and physical disabilities.

The team's work earned the StormBots this year's Impact award, which goes to teams that have used their influence and intellect in robotics to make a difference in their local communities.

"I feel like winning the Impact award alone solidified us this year," Phan said.

The community work also gives the team a better chance of succeeding at the world championship. Judges, team members said, don't place value just on individual robot performance, but also on how the team members work with each other and other teams and operate outside the competition.

The team's game plan this year focused on cooperation and constant improvement, the students said. In competitions, the StormBots work as an "alliance captain," meaning they work to identify the strengths of other teams to best work together as a larger unit.

"A big thing that stands out about us — not only did we enter the competition as a strong robot that can do everything, but each week and each competition we improved," Wilde said. "You have to keep working to improve, even after you win."

Final touches

On Thursday evening, with less than a week until the championship, a “skeleton crew” of StormBots team members worked on making buttons for the team to wear and perfecting their game plan.

Wilde said the last aspect the team is concerned about is its performance in the “autonomous” section of the competition. For 15 seconds, teams are given the chance to have their robots operate completely on their own, sucking up the foam rings and progressing without any manual control.

In that section, due to its extreme difficulty, more points are at stake. Wilde worked with a few students to tweak their practice robot to better detect the rings with sensors and cameras. In the blink of an eye, the robot — which is about the size of a large lawnmower — would jerk in the direction of the orange ring. The speed with which the device moves is unbelievable.

“It’s amazing to have high school students that can create a robot in their minds and go through the process of putting it together in the field,” said Jeff Ahner, a teacher and StormBots adviser. “The seniors have learned their way through it. That’s what’s fun about being a coach — seeing how they work from freshman year on.”

Meyer said the prospect of the world championship is daunting.

“It’s mind-blowing. There’s going to be 600 teams there,” she said. “There used to be these teams we’d look at amazed, wondering how they could do what they did. Now, we’re one of those teams.”

She and other teammates are hopeful their success can be an inspiration to students from varying backgrounds who might be curious about robotics — whether as an engineer, designer or marketing leader.

“We compare ourselves to sports, where only the top athletes will get scholarships or play professionally — but a majority of us will go on to school or to be engineers,” Meyer said. “Everyone will go pro. That’s what we like to say.”
