Dear Friends:

The Port of Woodland Commission is writing to provide the Port's support to the Friends of Woodland Community Library's work towards building a new library in Woodland. There has been a long standing need for a bigger and better library for the greater Woodland area.

As a major entity in this area, we believe a new library would show the positive aspect of our community which helps attract new business and increases the number of family wage jobs, which will help to increase the quality of place for Woodland.

For the reasons stated, the Port of Woodland endorses the director of the Fort Vancouver Regional Library Foundation and the Friend of Woodland Community Library continued work towards building a new library in Woodland.
