Vancouver Library Capital Facility Area

Notes to Financial Statements

For the year ended December 31, 2020

Note 1 – Summary of Significant Accounting Policies

The Vancouver Library Capital Facility Area (VLCFA) was established with a special election of the voters in November 2005. The governing body of the VLCFA as designated by RCW 27.15.030 is comprised of three members of the county legislative authority. The VLCFA is a special-purpose District, which was established to finance, acquire, construct and equip a replacement main library, further equip the Vancouver Mall Library and finance, acquire, construct and equip a replacement library for the Cascade Park Library. The District uses single-entry, cash basis accounting which is a departure from generally accepted accounting principles (GAAP).

The District reports financial activity in accordance with the *Cash Basis Budgeting, Accounting and Reporting System* (BARS) Manual prescribed by the State Auditor's Office under the authority of Washington State law, Chapter 43.09 RCW. This manual prescribes a financial reporting framework that differs from generally accepted accounting principles (GAAP) in the following manner:

- Financial transactions are recognized on a cash basis of accounting as described below.
- Component units are required to be disclosed, but are not included in the financial statements.
- Government-wide statements, as defined in GAAP, are not presented.
- All funds are presented, rather than a focus on major funds.
- The *Schedule of Liabilities* is required to be presented with the financial statements as supplementary information.
- Supplementary information required by GAAP is not presented.

A. Fund Accounting

Financial transactions of the VLCFA are reported in individual funds, each of which is considered a separate accounting entity. Each fund uses a separate set of self-balancing accounts that comprises its cash and investments, revenues and expenditures. The District's resources are allocated to and accounted for in individual funds depending on their intended purpose. The following fund types are used by the District.

GOVERNMENTAL FUND TYPES:

Vancouver Library Capital Facility Area
Notes to Financial Statements
For the year ended December 31, 2020

General Fund

This fund is the primary operating fund of the VLCFA. It accounts for all financial resources except those required or elected to be accounted for in another fund.

Debt Service Fund

The VLCFA debt service fund accounts for the financial resources that are restricted, committed, or assigned to expenditures for principal, interest and related costs on general long-term debt.

B. Basis of Accounting and Measurement Focus

Financial statements are prepared using the cash basis of accounting and measurement focus. Revenues are recognized when cash is received and expenditures are recognized when paid.

C. Cash and Investments

See Note 4 – Deposits and Investments.

D. Capital Assets

Capital assets are assets with an initial individual cost of more than \$5000 and an estimated useful life in excess of 1 year. Capital assets and inventory are recorded as capital expenditures when purchased.

E. Long-Term Debt

See Note 3

F. Restricted Portion of Ending Cash and Investments

Vancouver Library Capital Facility Area
Notes to Financial Statements
For the year ended December 31, 2020

Beginning and Ending Cash and Investments are reported as restricted when it is subject to limitations on use imposed by external parties. The voter approved tax levy limits the use of these resources. When expenditures that meet limitations are incurred, the district intends to use restricted resources first before using unrestricted amounts.

Restrictions of Ending Cash and Investments consist of amounts required to be used for debt service on general obligation bonds.

Note 2 – Budget Compliance

The VLCFA adopts an annual appropriated budget for the Debt Service fund approved by the Clark County Commissioners. The budget is appropriated at the fund level. The budget constitutes the legal authority for expenditures at that level. Annual appropriations for these funds lapse at the fiscal year end.

The annual appropriated budget is adopted on the same basis of accounting as used for financial reporting.

The appropriated and actual expenditures for the legally adopted budgets were as follow:

Fund	Final Appropriated Amount	Actual Expenditures	Variance
Debt Svc.	\$ 3,235,075	\$ 3,242,161	\$ (7,086)

Budgeted amounts are authorized to be transferred between object classes within departments by the Finance Director; however, any revisions that alter the total expenditures of a fund, must be approved by the VLCFA's legislative body.

Note 3 – Long-Term Debt

The accompanying Schedule of Liabilities (09) provides more details of the outstanding debt and liability of the VLCFA and summarizes the VLCFA's debt transactions for year ended December 31, 2020.

The debt service requirements for general obligation bond is as follows:

Debt Refunding

In 2016 the VLCFA issued \$26,115,000 of general obligation refunding bonds to retire \$28,365,000 of existing 2007 and 2009 series bonds. This refunding was undertaken to reduce total debt service payments over the proceeding 12 years by \$2,955,249. VLCFA will reduce its levy proportionally in ensuing years as the tax burden is reduced over the life of the bonds.

Note 4 – Deposits and Investments

Investments are held in the Clark County Investment Pool. Deposits and investments at December 31, 2020 are as follows:

	VLCFA
Bank Deposits	\$ -
Certificates of Deposit	\$ -
Investments	\$ 237,419
Total	\$ 237,419

It is the VLCFA’s policy to invest all temporary cash surpluses. The interest on these investments is prorated to the various funds.

The VLCFA is an involuntary participant in the Clark County Investment Pool, an external investment pool operated by the Clark County Treasurer. The pool is not rated or registered with the Securities and Exchange Commission (SEC). Rather, oversight is provided by the County Finance Committee in accordance with RCW 36.48.070. Investments in the pool are reported at fair value and the financial statement(s) report the investments at original cost, with interest reported when received. The fair value decrease at December 31, 2020 was \$394 as reported on the investment fair market value statement.

Notes to Financial Statements
For the year ended December 31, 2020

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in event of a failure of a depository financial institution, the VLCFA would not be able to recover deposits or would not be able to recover collateral securities that are in possession of an outside party. The VLCFA deposits and certificates of deposit are mostly covered by the Federal Deposit Insurance Corporation (FDIC) or by collateral held in a multiple financial institution collateral pool administered by the Washington Public Deposit Protection Commission (PDPC).

All investments are insured, registered or held by the VLCFA or its agent in the government's name.

Note 5 – Other Disclosures

Interlocal Agreements

The Fort Vancouver Regional Library (FVRL) District, in collaboration with the VLCFA, entered into an Interlocal Agreement to finance, acquire, construct and equip a replacement main library, near downtown Vancouver, further equip the Vancouver Mall Library and finance, acquire, construct and equip a replacement library for the Cascade Park Library. The VLCFA has the responsibility to oversee the construction of the building in conjunction with FVRL. The Library District will maintain the daily operations and staffing of the new libraries. Based on this agreement, the VLCFA has directed FVRL to manage and administer the finances of the VLCFA with the participation of the Clark County Treasurer's Office as the ex-officio treasurer for the VLCFA. The VLCFA will reimburse FVRL for project management and administrative costs related to the development of the projects.

As designated in the interlocal agreement with FVRL, any books, materials, periodicals, and electronic databases become the property of the FVRL District upon full payment of the debt by the VLCFA.

Note 6 – Property Tax

The Clark County Treasurer acts as an agent to collect property tax levied in the county for all taxing authorities. Collections are distributed at the end of each month. Property tax revenues are recognized when cash is received by VLCFA. Delinquent taxes are considered fully collectible because a lien affixes to the property after tax is levied.

Vancouver Library Capital Facility Area
Notes to Financial Statements
For the year ended December 31, 2020

The VLCFA's regular levy for the year 2020 was \$0.1093992865 per \$1,000 on an assessed valuation of \$23,268,661,811.61 for a total regular levy of \$2,545,575.

Note 7 – Risk Management

The FVRL District purchases insurance from commercial carriers to protect itself against general liability, employee dishonesty and automobile and property damages. The insurance is purchased through Biggs Insurance Services.

The Library District has had no settlements that exceeded insurance coverage for the past three years.

NOTE 8 – COVID-19

In February 2020, the Governor of the state of Washington declared a state of emergency in response to the spread of a deadly new virus known as COVID-19. In the months following the declaration, precautionary measures to slow the spread of the virus have been ordered. These measures included closing schools, cancelling public events, limiting public and private gatherings, and restricting business operations, travel and non-essential activities. COVID has not impacted the expenditures for the Vancouver Library Capital Facility Area.
