#### 6. REPORTS

**6.1 FINANCIAL STATEMENTS AND HIGHLIGHTS** – At 6:08 p.m. Catrina Galicz presented the following highlights for the month ending April 2025.

**Statement of Cash:** FVRL receives the first installment of property taxes in the month of April, which helps the cash balance. The statement of cash for the month sits at just under \$23 million, meeting cash targets. Net operating activity though April is just about \$8.8 million with net operating activity for the year at about \$4.6. Galicz highlighted the line item for reserves used for technology replacements and upgrades, which reflects the purchase of BiblioCommons approved in January.

**Statement of Revenue:** Revenues from property taxes are meeting expectations. Property tax revenue received in April accounted for 82% of the year-to-date property tax revenue totals through April. Overall, this revenue reflects 46% of the property tax revenue expected for the year. Charges for services are at 48% of expectations for the year. Investment interest continues to exceed expectations.

**Statement of Expenses:** Expenses are meeting expectations. Operating expenditures for personnel have been trending about 4% under budget. Under technology supplies, the line item is trending higher than budget to actual percent of 33%, this is due to the purchase of BiblioCommons. The charges for services line item for professional services are slightly under the expected 33%, however that line will trend upwards as the Strategic Plan and Master Facilities Plan efforts are further underway. The insurance line item sits at 0% in April but will be paid in June/July. Finally, Galicz noted that intergovernmental services which includes the August ballot cost estimate, will not be paid until late in 2025.

**RECEIVE AND FILE APRIL FINANCIAL STATEMENTS** – At 6:12 p.m. Dugan made a motion to approve receiving and filing the April 2025 financial statements. Duncan-Cole seconded. Motion approved with 7 out of 7 votes.

**6.2 ORGANIZATIONAL REPORT** – At 6:12 p.m. Giltrop provided the organizational report which included the following highlights.

- Cascade Park Community Library hosted a community resource fair which brought in over 150 attendees.
- Two patrons from the city of Washougal visited the Goldendale Library with the Passport Program only to discover that one of the staff knew the mom from being flight attendants in the 1980s. They hadn't seen each other since, nor did they know where each other was living. If it weren't for the Passport Program, they may have never met again.
- The Bookmobile from the Klickitat County visited Centerville School the day after the kindergarten class visited the Goldendale Library. The tour included showing students where the Bookmobile lives when it is not out in the community. The kindergartners were convinced that the Bookmobile drivers lived in the Bookmobile in the garage.
- La Center Community Library staff visited over 29 classes at the La Center Elementary School this month for summer reading presentations. Working with the school librarian, staff were able to cover most classes during their assigned library hour.
- The friends of the Ridgefield Community Library sponsored an author visit by Susan Tate Ankeny, author of *American Fly Girl* and *The Bombardier and The Girl*, as a fundraiser. Veterans received free admittance to the event which was held at the Ridgefield United Methodist Church. Over \$500 was raised for the purchase of books relating to World War II.
- Skamania County Reads was held for the 11th year featuring the book "Itch," a Pacific Northwest Trail story by Nick Fowler. Weekly events included a family hike on the Pacific Crest Trail, an art opening and an exhibit of local scenic photography, culminating in a visit from the author.
- At the Vancouver Community Library, staff participated in the small business fair at Fourth Plain Community Commons. This was an opportunity for patrons to access over a dozen nonprofit small business providers all under one roof. Providers were there to connect community members with all stages of business.
- Staff wrapped up a four week Reading and Action Program at the Washougal Library, partnering with the Washougal School District Family Resource Center to bring together 10 families for dinner, a book discussion and activity period for four consecutive weeks.
- A teen comedy workshop at White Salmon Community Library with physical comedy instructor, comedian and clown, Angel Ocasio was a programming highlight in May. The library invited drama class from the local high school as an opportunity to incorporate lessons into their production of "Alice and Wonderland" in the spring.

- At the Yacolt Express Library, Battle Ground and Yacolt staff visited the Yacolt primary school for kindergarten orientation night. The outreach event was very successful and provided library information and a great do-it-yourself book craft to over a hundred families.
- Work on the BiblioCommons implementation is progressing steadily. Content on online resources, FAQs and core service pages is populated with an emphasis on accessibility, clarity, and user experience. Staff training modules are being developed to prepare teams for a smooth transition and support the effective platform when it goes live.
- The Library Card Design Competition is open through June 30th to four age groups. The theme is “Our Stories, Our Communities.”
- FVRL has entered the community engagement phase of the Strategic Planning and Master Facilities Planning process. An advisory committee representing people from throughout the district has formed and consists of a mix of community partners, community and business leaders, education and governmental representatives, friends groups, members, staff and board members. From the board, Mary Williams and Marie Coffey represent the board in that group. A community survey has just been launched on the website and that will help us gather feedback from the community, which will inform these plans. The survey will be open for the community through August 24th. Six Community Conversations in addition to the survey have been scheduled around the district, and one virtual session scheduled for those who cannot make it in person. The Community Conversations provide spaces for library patrons where they can share their thoughts about the library and what it means to them and what it could become.
  - Battle Ground: Tuesday, July 1, 5-7 pm
  - Goldendale: Thursday, July 10, 4-6 pm
  - Cascade Park: Wednesday, July 16, 5-7 pm
  - Downtown Vancouver: Tuesday, July 22, 5-7 pm
  - Stevenson: Monday, July 28, 4-6 pm
  - Virtual: Wednesday, July 30, 12-1:30 pm
  - Ridgefield: Wednesday, July 30, 5-7 pm
- The FVRL Foundation’s Annual Authors and Illustrators Dinner and Silent Auction is on October 16th at the Hilton Vancouver. The event will have bestselling author Robert Dugoni, best known for his Tracy Crosswhite police series set in Seattle. The tables and tickets for this event start selling July 1<sup>st</sup>.

**6.3 RIDGEFIELD BRANCH REPORT** – At 6:27 p.m. Sean McGill presented the branch report for Ridgefield Community Library with the theme of building; creating a space where individuals can thrive, grow, and contribute to something larger than themselves. McGill started by introducing members of the staff, then focused on highlighting the programming Ridgefield Community Library offers. Art Chat is a program offered in partnership with the Ridgefield Art Association which introduces attendees an artist or form of art. Teen Art Chat is unique to Ridgefield and is focused more on trying different forms of art. The Southwest Washington Watercolor Society presented their spring juried show in Ridgefield this year. McGill highlighted the Dungeons and Dragons program held on Tuesdays. The library partners with YMCA in Ridgefield to offer a gentle exercise program for active seniors. The Y’s picnic in the park, where volunteers serve lunch, will take place Monday through Friday starting June 23rd. Library staff will set up a table at the park offering a simple activity or craft for kids. McGill also highlighted the very popular Firefighter story time held in May. Tech Petting Zoo epitomizes the theme of building—literally building while also building STEM skills, which are critically important for young patrons. The branch’s Build It Program is no longer about just building with Legos. Instead, participants are making slime, building

marble mazes and tornadoes in a jar, and much more. For example, in August kids will be making working telescopes. This program is not just about building skills, it's about building interest in the world and how things work. McGill also highlighted the annual wreath-making program that is popular across the generations and the long-standing Fiber-Art program that has effectively taught sewing and crocheting skills to patrons for years. Library video game themed programs like Super Smash Brothers tournaments and Mario Kart Mini-Games build good sportsmanship, as McGill noted he has seen kids who have been knocked out of competitions gleefully cheer on their peers still competing. The Ridgefield Friends will be holding storybook adventures for Ridgefield Main Street Day. Each child who comes will receive a free book and enjoy fun activities at different stations with a cookie at the end. This is a huge project with dedicated volunteers. McGill closed with a look at a day in the life at the library.

## 7. BUSINESS

### 7.1 Facilities and Finance Committee

**Vancouver Community Library Server Room Fire** – At 6:40 p.m. Giltrop provided an update on the fire that took place in the server room of the Vancouver Community Library on June 7 and the impacts that followed. The dehumidifier within one of the air conditioning units for the server room malfunctioned and caught on fire. Prior to closing, IT staff called for help from facilities when the air conditioning had stopped working and temperatures got up to 110 degrees in the room. The library closed and the Director of Facilities arrived and worked on the primary air conditioning unit, when he turned around and he saw smoke coming from the secondary unit and exited the room and pulled the fire alarm and the fire department came quickly. The water sprinklers system to put out the fire is what damaged several things in the room all of which is laid out in the staff report. The Vancouver Community Library was closed Sunday as a mitigation of the smells of the smoke and chemicals were removed from the building. The branch reopened on Monday though without internet or external phones. The entire district did not have internet or external phone service until Tuesday evening as all 16 facilities connect through the Vancouver Community Library for internet access. IT staff worked diligently to bring everything up as quickly as possible. Because this was an emergency that impacted the entire district, administration had to implement emergency purchasing process to bring all of the contractors and vendors on board. One of the requirements of emergency purchasing is that administration present to the board the details of what was needed and why. Administration believes that a good majority of the cost will be covered by insurance, which has a \$5,000 deductible but currently the estimated cost of all the repairs is \$650,000. Giltrop promised continued reporting on this issue as it moves forward and answered questions from the trustees.

8. **Executive Session RCW 42.30.110(1g) Personnel** –at 6:48 p.m. Chair Morgan announced that the board of trustees would exit the room to go into executive session, to return at 7:10 p.m.

*The Chair called the meeting back to order at 7:10 p.m.*

9. **BOARD COMMENT** – at 7:10 p.m. the Chair opened the floor for board comments.

- Megan Dugan thanked and complimented Sean McGill on his presentation to the board.
- Mary Willems, as board liaison to the Foundation's board, commented on the success of the foundation's Storytime Event fundraiser for the Washougal Community library.

10. **Setting for next Regular meeting;** Monday, July 21, 6:00 p.m. at White Salmon Community Library.

## Meet Our Current Board Members and Find Out Why They Love the Library

### **Jenny Brown—Board Chair**

"The education that all are entitled to becomes a reality at the Library with its endless resources, a world of information, and an inclusive setting for everyone at every level."

### **Kristi Spurgeon—Vice-Chair**

"A library is a link to a whole new world - actually, hundreds of worlds. I spent hours lost in the stacks of a library as a kid and still get lost inside a story any chance I get. Being able to help grow vibrant, inclusive libraries is a blessing!"

### **Skyler Martin—Treasurer**

"Some of my earliest childhood memories are going to the library with my mom to pick out books. I've carried this love for reading into my adult years, and I want others to be able to enjoy all the benefits of literature."

### **Wendi Eaton—Secretary**

"The library has always been a respite for me and I always feel safe and cozy inside those walls. When I started volunteering for FVRL Foundation, I knew I had to be involved with the library directly again."

### **Debbie Jennerjohn**

"Literacy has been a passion of mine as long as I can remember, starting when I was quite young and the Library bookmobile would come to my community. The Library is a great conduit to reach the most people and make the biggest impact in the community."

### **Byron Molle**

"As a retired educator, I believe books have the power to add to the collective knowledge of our society. They provide an eye to the world and its endless possibilities too many people, especially the youth of our community."

### **Gail Young**

"The library has always been a place of calm for me...a kind of sanctuary. The library is inclusive and it's all about community. It's a gift that has given me many hours of inspiration and delight...for all the time the library has given me, it's time to give back to it!"

## A Turning Point: The Founding of FVRLibraries

July 1, 1950 marked the official formation of the **Fort Vancouver Regional Library District**—the first inter-county rural library district in Washington. At the heart of this effort was **Eva Santee**, a visionary librarian who believed library service should reach everyone. Her work laid the foundation for the library system we know today.

## **Purchasing and Procurement Policy**

### **PURPOSE**

The Fort Vancouver Regional Library District's (FVRL) Purchasing and Procurement Policy serves as a directive for staff when obtaining proposals, bids and quotes for public works projects, purchases of goods, and procurement of professional services. The intent of the policy is to ensure that FVRL is in compliance with applicable procurement laws and, ensuring responsible stewardship of public funds.

### **POLICY STATEMENT**

FVRL will use a competitive process to solicit and evaluate proposals, quotes and bids based on relevant procurement laws. Procurement procedures and guidelines will be established and maintained by the Executive Director or their designee to assure a competitive, open, fair and compliant process.

### **PUBLIC WORK PROJECTS**

Public work is defined ([39.04.010 RCW](#)) as all work, construction, alteration, repairs, or improvements, other than ordinary maintenance, on any public building or property.

### **PREVAILING WAGES**

All public work projects require payment of prevailing wages under [39.12 RCW](#). Contractors must be told in advance that prevailing wages must be paid to all employees who work on the contract. It is the contractor's responsibility to file a Statement of Intent to Pay Prevailing Wages and applicable affidavits with the Industrial Statistician of the Department of Labor and Industrial Services. It is FVRL's responsibility to ensure compliance, as applicable, before payments are made to contractors.

### **SMALL WORKS ROSTER**

By Resolution ~~2024-06~~ [2025-08](#), public works projects of more than \$150,000 and less than \$350,000 may use a Small Works Roster (SWR) process to solicit bids.

### **FORMAL BIDDING ADVERTISING REQUIREMENTS**

For public works projects that do not use the SWR or cost more than \$350,000, FVRL will publish a notice at least once in a local newspaper and no less than thirteen (13) days prior to the closing of the bid period. If the advertising is for a public works project, it will include notification that the work is subject to prevailing wages laws. [[39.04.010/39.12.010-020 RCW](#)]

### **ALTERNATIVE PURCHASING METHODS**

Where the application of competitive procedures would lead to undesirable, uneconomical or impractical results, FVRL may also use alternative procurement methods for public works projects, such as use of design-build or general contractor/construction manager procedures, sole source or turnkey acquisition, or other alternative procurement methods permitted under Washington state law.

### **CHANGE ORDERS**

A change order is an alteration to a project during construction that is not consistent with the proposal specifications upon which the contract was awarded. Change orders are contractual requirements used to manage new or unforeseen circumstances to a project. In the course of a project, bona fide emergencies may arise and incidental alterations may well be required. As a general rule, a change order should not be used to remedy defective work or for the loss of a contractor from failure to perform or bankruptcy. A competitive process should be used in such cases.

### **DAY LABOR**

FVRL reserves the right to use library staff as day labor on projects with an estimated cost up to \$50,000 (single craft) or \$100,000 (multiple craft). [[35.23.352 RCW](#)]

### **EMERGENCIES**

Emergency contracts for public works and purchasing is used only to avoid immediate hazard to life, to preserve FVRL's property, or to prevent significant service disruptions per [39.04.280\(3\) RCW](#). In such a situation, the Executive Director or their designee may declare that an emergency situation exists, waive competitive proposal requirements, and award all necessary contracts on behalf of FVRL to address the emergency. If a contract is awarded without competitive requirements due to an emergency, written proof of the existence of an

emergency must be provided to the Board of Trustees and entered into the recorded minutes at the next Board of Trustees meeting following the contract's award.

### **ON-CALL SERVICES**

FVRL uses on-call vendors/contractors to complete non-routine maintenance and small repair projects. Frequently the work includes troubleshooting to determine the proper course of action to resolve a building or equipment failure. Vendors and contractors may be selected from the appropriate SWR and local vendors can be used as needed for emergency situations.

### **MAINTENANCE**

Ordinary maintenance is defined ([296-127-010 WAC](#)) as maintenance work performed by the regular employees of the political subdivision of the state. Maintenance is defined as keeping existing facilities in good usable, operational condition. Ordinary maintenance is defined as maintenance work performed by the regular employees of the political subdivision.

Ordinary maintenance is not considered a public work and state law does not require a competitive bidding process. Maintenance performed by contract and meeting the definition of public work will comply with procurement requirements applicable based on contract amount.

### **PERFORMANCE BONDS, RETAINAGE AND CLOSE OUT**

FVRL will require performance bonds and/or withhold retainage on public works projects as follows:

- Performance bonds will be required on all projects at or above \$150,000.
- Retainage in the amount of 5% will be held on all non-maintenance public works contracts.
- If FVRL requires a bid bond, it will be stated in the bid documents.
- FVRL will consider a retainage bond in lieu of withholding of retainage as applicable.

### **PHASING**

FVRL may not break a public works project into separate phases to avoid compliance with procurement laws, which prohibit the division of a project into units of work or classes of work

to keep costs below the bidding threshold, even though those phases are performed at different intervals of time.

## **CONTRACT AWARD**

FVRL awards contracts to the lowest bidders deemed both responsive and responsible:

- Responsive – responded to all bid items and included all required elements
- Responsible – one who meets a set of “responsibility criteria” as defined in state law ([39.04.350 RCW](#)). The criteria typically include being properly licensed, registered, and insured.

FVRL will verify that the vendor is eligible to do work in the state of Washington prior to awarding a contract.

## **ARCHITECTS AND ENGINEERS**

Chapter [39.80 RCW](#) requires that any service that would be provided by a professional, such as a registered architect, engineer, land surveyor or landscape architect must be procured through qualifications-based selection. Requests for qualifications (RFQ) ask proposers to submit qualifications, if not already on file, for a proposed scope of services in response to FVRL’s specific needs. Qualified consultants may be used by FVRL for additional projects within three (3) years of qualification.

## **PURCHASES OF SUPPLIES, EQUIPMENT AND SERVICES**

FVRL shall purchase and acquire supplies, equipment, and services pursuant to [39.34 RCW](#). Purchased goods and services that meet FVRL’s requirements should be sought for competitive prices and exclude sales tax, shipping, and handling fees from total cost when considering bid limits. Competitive pricing is not required for the acquisition of library materials and resources (books, magazines, media, electronic databases, etc.).

## **PROFESSIONAL SERVICES**

This includes professional and/or technical expertise provided by a consultant to accomplish a specific study, project, task, or other scope of work, not including professional architecture and engineering services. These services will be competitively solicited through a formal Request for

Proposal for projects/services needed by FVRL that are expected to exceed \$75,000. For projects and services over \$10,000 and under \$75,000, FVRL will obtain a minimum of three quotes. In addition, FVRL will ensure professional services using federal funds will meet applicable competitive procurement requirements.

## **GENERAL PROVISIONS**

### **CONFLICT OF INTEREST**

No FVRL Trustee or employee may benefit, directly or indirectly, in whole or in part, from any FVRL contract for goods or services nor accept any compensation, gratuity or gift in connection with such contracts. [[42.23.030 RCW](#)]

### **GOVERNMENT CONTRACTS & PIGGYBACKING**

FVRL is authorized:

- To purchase equipment, supplies, furnishings, and other property through federal government contracts to obtain the best possible price which are exempt from bidding requirements. [[39.32.070-090 RCW](#)]
- To use contracts offered through Washington State DES, once establishing a Master Use Agreement [[39.26.050](#) and [39.26.060 RCW](#)].
- To rely on the contract award of another government contract, Piggybacking. FVRL will follow piggybacking compliance requirements [[39.34 RCW](#)].

These options allow pricing to be extended to FVRL from other governments and may provide other efficiencies. FVRL will ensure compliance with all applicable requirements when utilizing contracts awarded by others.

### **SALES TAX**

Sales tax applies to nearly every sale of tangible personal property and some services. For solicitation purposes, the tax must be included when determining the cost of a public work, or when calculating the cost of materials, supplies, and equipment purchased separately from a public work.

### **SMALL, MINORITY, WOMEN AND VETERAN OWNED FIRMS**

FVRL encourages small, minority, women and veteran owned firms to bid on our public works projects, services and purchases. However, FVRL does not discriminate against or give preferential treatment to any business.

### **SOLE SOURCE PROVIDERS**

Sole source exceptions to procurement are used when, due to unique characteristics of the requested product/service there is only one product or service capable of fulfilling FVRL's requirement and only one vendor that provides that product or service. Validation of a vendor as a sole source provider and pre-approval by the Executive Director is required prior to any sole source purchase or acceptance of bid.

### **TRANSPARENCY AND REPORTING**

FVRL will maintain and annually produce for the Board of Trustees a list of all public works contracts awarded.

### **WARRANTIES**

FVRL requires warranties on all public works projects and repairs for a minimum of one year. Longer warranties may be negotiated for specific projects.

### **ADMINISTRATION**

The Executive Director or designee is responsible for the administration of this policy, for establishing administrative procedures for its implementation and for making the policy available for the public via the library's web site.

### **SEVERABILITY**

The Board of Trustees hereby declares its intention that the provisions of this policy are declared to be separate and severable. The invalidity of any clause, sentence, paragraph, subdivision, section, chapter, title or other portion of this policy, or the invalidity of the application thereof to any person or circumstance shall not affect the validity of the remainder of the policy, or the validity of its application to other persons or circumstances.

### **CONTINUANCE**

The Board of Trustees hereby declares its intention that the provisions of this policy shall be construed and applied as a *continuation* of the provisions of the policy, as amended, insofar as applicable, and the repeal of any part of this policy shall not be construed as affecting such *continuous* application.

**Relevant policies:** [Fiscal Management Policy](#), [Asset Management Policy](#)

**Approved and adopted by the Board of Trustees:** Original Policy 5/15/2017; Revised 3/19/2018, 5/18/2020, 8/19/2024, [X/X/2025](#)

~~J.~~ I. Small Works bidding and award data will be part of ~~the~~ FVRL's procurement files and records and all documents will be available for review with the FVRL'S public records officer.

~~K.~~ J. **Annual Notification and Invitation.** At least once a year, MRSC shall, on behalf of the FVRL, publish in a newspaper of general circulation within the municipality's jurisdiction a notice of the existence of the small works roster and invite contractors to register on the statewide small works roster. - A. **Consultant Services.** Consultant services can be “personal services” such as technical expertise, studies, project management, planning, or similar, or “architecture and engineering services” or “professional services” services as defined by chapter 39.80 RCW.   - B. **Soliciting to join the Consultant Roster.** MRSC Rosters, as provided as part of their membership service, will publish twice a year, in a newspaper of general circulation within ~~the~~ FVRL's counties, a notice of the existence of the Consultant Roster and solicit consultants to join on our behalf. - b. An RFQ or RFP shall be developed that will include at a minimum a description of the services needed, the time of performance, the scoring criteria with descriptions and relative weighting, the schedule with due dates, and any other relevant information. Attached to each RFQ or RFP shall be the intended contract to be signed, as applicable.
- c. A selection committee will be formed with at least 3 staff members to review and score the submissions. The selection committee will sign statements attesting they have no conflicts of interest in the matter and all proceedings will be confidential until Award.

~~b. If the FVRL Board of Trustees delegates the authority to award contracts to the Executive Director for consulting services costing less than or equal to \$350,000, the Executive Director shall have the authority to award contracts for consulting services without the Board of Trustees approval, provided that the Board of Trustees shall ratify the Executive Director's signature and delegation of authority through FVRL's standard process for such matters. For consulting services anticipated with an anticipated value more than \$350,000, the Board of Trustees shall review, score, and award all contracts for consulting services.~~

D. **Posting of Awards.** In accordance with RCW 39.04.200, all consultant/services contracts awarded ed through the MRSC Consultant Roster process will be posted to ~~the~~-FVRL's website at least every other month.

**Section 5. Vendor Roster.** FVRL adopts the use of the MRSC Rosters Vendor Roster (vendor list) to be used for the procurement and award of materials, supplies, equipment or similar. The following vendor list roster procedures are established for use by ~~the~~-FVRL pursuant to RCW 39.04.190.

A. **Purchase of materials, supplies, or equipment not connected to a public works project.** FVRL is not required to use formal sealed bidding procedures to purchase materials, supplies, or equipment not connected to a public works project where the cost will not exceed the statutory threshold of FVRL. ~~The~~-FVRL will attempt to obtain the lowest practical price for such goods and services.

B. **Publication.** At least twice per year, MRSC shall, on behalf of ~~the~~-FVRL, publish in a newspaper of general circulation within the municipality's jurisdiction a notice of the existence of the vendor list roster and solicit the names of vendors for the vendor list roster. MRSC shall add vendors licensed to do business in the State of Washington to the Vendor Roster at any time when a vendor completes the online application and meets and minimum requirements.

~~C. **Electronic Quotations.** FVRL shall use the following process to obtain written quotations from vendors for the purchase of materials, supplies, or equipment not connected to a public works project:~~

~~1. A written Invitation (to Bid or Quote) with description shall be drafted for the specific materials, supplies, or equipment to be purchased, including the number, quantity, quality, and type desired, the proposed delivery date, together with any evaluation criteria and any relevant information of the purchase. The contract intended to be signed by the successful vendor is also to be included in with the invitation.~~

~~2.1.~~ The Executive Director or their designee, shall make a good faith effort to contact at least three (3) of the vendors on the roster, [based on purchases meeting policy threshold requirements](#) to obtain written quotations from the vendors for the required materials, supplies, or equipment;

~~3.2.~~ The Executive Director or their designee, shall not share written quotations received from one vendor with other vendors soliciting for the bid to provide the materials, supplies, or equipment;

~~4.3.~~ A written record shall be made by the Executive Director or their designee, of each vendor's bid on the material, supplies, or equipment, and of any conditions imposed on the bid by such vendor;

~~D.C.~~ **Determining the Lowest Responsible Bidder.** FVRL shall purchase the materials, supplies, or equipment from the lowest responsible bidder, provided that whenever there is reason to believe that the lowest acceptable bid is not the best price obtainable, all bids may be rejected, and FVRL may call for new bids. [Competitive pricing is not required for the acquisition of library materials and resources \(books, magazines, media, electronic databases, etc.\).](#)

~~E.~~ **Award.** All of the bids or quotations shall be collected by the Finance Director or their designee. ~~The Executive Director, or their designee, shall create a written record of all bids or quotations received, which shall be made available by request after the award of the contract.~~

~~D.~~

~~1.~~ ~~The Executive Director, or their designee, shall then present all bids or quotations and their recommendation for award of the contract to the Board of Trustees. The Board of Trustees shall consider all bids or quotations received, determine the lowest responsible bidder, and award the contract; or~~

~~2.1.~~ ~~If t~~The Board of Trustees delegates the authority to award bids to the Executive Director of ~~the~~ FVRL for materials, supplies, or equipment costing less than or equal to the policy threshold of the agency, the Executive Director shall have the authority to award ~~public works~~ contracts without Board of Trustee approval, provided that the Board of Trustee shall ratify the Executive Director's approval at the next scheduled Board of Trustee meeting by means of the consent agenda. For materials, supplies or equipment costing more than the policy ~~threshold of the~~ FVRL ~~the~~ Board of Trustees shall award all vendor contracts.

~~F.E.~~ **Posting of Awards.** In accordance with RCW 39.04.200, all vendor contract awards will be posted to ~~the~~ FVRL's website at least every other month. The posting will include the vendor awarded the contract, the amount of the contract, a brief description of the items purchased, and the date it was awarded.
