

REVOLUTIONARY READS

BOOKS • IDEAS • DISCUSSION

Book Discussion of *In Real Life*

Join us for a lively discussion of *In Real Life* by Cory Doctorow. In this graphic novel, Anda delves into the multiplayer role game Coarsegold Online, only to find that questions of right and wrong in a virtual world are a lot less straightforward when a real person's real livelihood is at stake.

Book Discussion of *Information Doesn't Want to Be Free*

Join us for a lively discussion about the book *Information Doesn't Want to Be Free: Laws for the Internet Age* by Cory Doctorow, as the author takes on the state of copyright and creative success in the digital age.

Book Discussion of *Little Brother*

Join us for a lively discussion of *Little Brother* by Cory Doctorow. In this book, seventeen-year-old Marcus is interrogated for days by the Department of Homeland Security in the aftermath of a major terrorist attack on San Francisco, California.

Book Discussion of *Walkaway*

Join us for a lively discussion of *Walkaway* by Cory Doctorow. *Walkaway* is a multi-generation science fiction thriller about the wrenching changes of the next hundred years, and how people live with the consequences.

Cybersecurity

Join us for a presentation from the Washington State Attorney General's office about cybersecurity issues and best practices for you.

Film and Discussion of *Everything's Under Control*

Explore the "brave new world" of privacy and surveillance concerns with the documentary *Everything's Under Control - Surveillance, Privacy and Security in a Digital World* followed by a discussion.

ID Theft

Join us for a presentation from the Washington State Attorney General's office about different types of identity theft and how to safeguard yourself from it.

Intro to Ethical Hacking

Computer security is a quickly growing field, and learning to stop cyber-criminals means learning about what they do. Join us for a hands-on session and learn about the basics of encryption, lock picking, and breaking through computer security.

Virtual Reality

Experience Virtual Reality at the library. Try VR for yourself and immerse yourself into a three-dimensional, computer-generated world.

The Virtual Reality program is for ages 13 and older and requires a signed waiver. See our online calendar (fvrl.librarymarket.com) for more information and downloadable waiver forms.

WHAT IS REVOLUTIONARY READS?

Revolutionary Reads is a new annual community reading and event series from Fort Vancouver Regional Libraries to engage readers, spark dialogue, and inspire ideas that just might change the world.

This year's series will feature three books by science fiction novelist, blogger and technology activist Cory Doctorow – *Little Brother*, *In Real Life*, and *Information Doesn't Want to Be Free* – as well as a series of events throughout the library district related to technology, information, and cyberculture.

Revolutionary Reads is made possible through the generous support of Fort Vancouver Regional Library Foundation and branches' Friends of the Library groups.

AUTHOR EVENT

Cory Doctorow will be delivering a keynote at 7 pm on March 26 at Clark

Community College's Gaiser Hall, 1933 Fort Vancouver Way, Vancouver WA 98663. A short Q&A and author signing will follow the talk. Copies of his books will be available for purchase at the event.

HOW TO PARTICIPATE

CHECK OUT a copy of Cory Doctorow's *Little Brother*, *In Real Life*, and *Information Doesn't Want to Be Free* at your local FVRL library.

COME to a book discussion group or a library program on themes related to Cory Doctorow's work. A full list of events can be found at www.fvrl.org/revolutionary-reads.

HEAR Cory Doctorow's keynote speech on March 26.
