

# WOODLAND Middle School

*Educating for Excellence*

March 3, 2017

To Whom It May Concern:

The Woodland Public Library is a great neighbor to Woodland Middle School. Each day after school our students are able to access the Woodland Public Library to work on their school work or check out books of interest to them. Families, students and staff in our learning community are grateful for the helpfulness and resources provided by the public library.

Indeed, Woodland Middle School considers the Woodland Public Library a friend. Helpful librarians have partnered with us for school events such as our WMS Trojan Pride Night and book fairs. If our students ever need or want a book or a resource they can count on the Woodland Public Library to be of friendly assistance in cooperation with our own school library.

I appreciate how the building always looks well-kept and tidy. Because the Woodland Public Library has a track record of being helpful and a great neighbor to Woodland Schools, I am excited about the possibility of the library being updated! An investment in the library is a solid investment based on their successful years of serving; I have full confidence they will maximize their potential moving forward as well.

Thank you for

Sincerely,

Jacob C. Hall, Principal
